Report of the Trustees for the year ended 30 November 2022

The Trustees are pleased to present their annual Directors' Report together with the financial statements of the charity for the year ended 30 November 2022, which are also prepared to meet the requirements for a Directors' Report and accounts for Companies Act purposes.

The financial statements comply with the Charities Act 2011, the Companies Act 2006, the Memorandum and Articles of Association and Accounting and Reporting by Charities; Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102).

Chair's Report

The Chair is pleased to deliver this report and to make the following observations on behalf of the Trustees.

Firstly, we thank all our Members, Associates, Volunteers, Pathfinder Students, Trustees and external supporters of the Charity for their continuing and unstinting work towards fulfilling the Charity's aims despite the challenges of Covid19 and enforced lockdowns and restrictions. Our work would be impossible without this willing and unselfish support.

Our sincere thanks should also be expressed to the:

Gloucestershire Police and Crime Commissioner

Gloucestershire Police

West Mercia Police and Crime Commissioner

West Mercia Police

IAMRoadsmart and their local Advanced Driver Groups in Gloucestershire, Shropshire and Yorkshire

Herefordshire and Worcestershire Fire and Rescue Service

Gloucestershire Fire and Rescue Service

Shropshire Fire and Rescue Service

Safer Roads Humber

Staffordshire Safer Roads Partnership;

DHL;

University College London, Intelligent Mobility Laboratory; and

The British Army.

for their continuing engagement and support.

Following the Covid19 pandemic, we continue to operate enhanced safe working practices for all attendees, which includes maintaining the availability of PPE supplies for our officials and volunteers, and the use of an automated, non-contact signing-in process.

To enable the Charity to continue its work and to provide bursaries, surplus funds have been transferred from its trading subsidiaries. The challenge of finding suitable and affordable locations in which to run our events continues to be demanding due to commercial pressures and restrictions, especially on military establishments.

The Charity has entered into a collaboration arrangement with University College London (UCL) to explore how young drivers manage high-risk driving scenarios. This joint research and educational project started in 2022 with the support of a summer internship by UCL Engineering. The UCL team have created Virtual Reality scenarios, which have been integrated into the mobile simulator of their Intelligent Mobility lab. The simulator has been deployed to both Car Club and Pathfinder events, with structured and practical pre-licence novice driver development training sessions, to collect and analyse data (from eye tracking and input devices) from young drivers including the simulated impairment effects through beer and drug goggles. Over 50 participants have already taken part in the research study and this will be extended during 2023.

The Charity has exhibited at the recently reinstated post-Covid Road Safety GB National Conference and has recently completed a survey of past Pathfinder students which is due to be published following validation in 2023. We will continue to invest in extending awareness of what we do whilst raising our visibility to Government, public and road safety bodies and to the general public.

Our Purposes and Activities

The Charity's objectives and principal activities are restricted to the promotion of road safety for the benefit of the public and, in particular, young people. Funding comes from member subscriptions, donations, charitable gifts and grants.

Public Benefit

The Trustees have continued working with the community through the use of safer driving initiatives for young people. The Trustees confirm that they have complied with their duties under section 17(5) of the 2011 Charity Act with regard to public benefit.

Particular actions this year include:

- Provision of 33 events by The Under 17 Car Club Limited to around 283 participating drivers, an improvement of 1 event and 35 members over 2021;
- Provision of nine 'Pathfinder' Courses with students drawn primarily from Gloucestershire, Herefordshire, Shropshire, Worcestershire and Yorkshire with 210 students of whom 95% received a bursary from the PCCs or the Trust with around 10% receiving their place at no cost. Loan vehicles were made available to participants to enhance learning and associate supporters were provided to a number of students;
- Fully funded by the Trust, a further 100 students attended our first school event at Shireland Collegiate Academy which delivered the classroom elements of Pathfinder along with practical experience of simulated driving while impaired through alcohol or drugs;
- Provision of bursaries totalling £6,217.50 to students who would otherwise be unable to take advantage of the road safety education we provide;
- Provision of 48 places on skid pan courses and 36 places on First Responder First Aid courses subsidised by the Trust;
- Continued collaboration with IAMRoadsmart from which some shared activity has been undertaken to jointly further our individual and collective charitable objectives, including the expansion of our Pathfinder Programme to accommodate increasing numbers of students;
- Our planned attendance at several public road safety events, previously postponed due to Covid19 restrictions, were resumed during 2022;
- This year we were again able to hold our annual charity fundraising event for the Teenage Cancer Trust, the charity chosen by our Driving Members, and we donated £8,532 to TCT in 2022, taking our overall total to just under £105,000;
- The work of the Trust was further enhanced in 2022 through the extensive involvement of DHL who provided insights to the safety around heavy lorries at 6 events and by the Intelligent Mobility Lab at University College London.

Achievements and Performance

The Trust has continued to deliver pre-licence training events with improvement in all areas - 2,859 attendances (up by 357 on 2021) and 1,064 instruction sessions (up by 59 on 2021) at The Under 17 Car Club and 1,064 attendances at Pathfinder Events (up by 124 on 2021) and around 2,228 instruction sessions, including the school event, delivered (up by 164 on 2021).
